

Grasshopper Trials Challenge Series

The Grasshopper Challenge series comprises about half a dozen one site trials events per year. With one exception they are all organised by other motor clubs, which invite our members to take part in their own events, usually in a separate class for Austin Sevens. The one exception is our own club's very popular Winter Trial which is held just after Christmas at Butts Quarry, near Chesterfield.

The events are scattered across the country giving a chance for all members, wherever they live, to tackle at least some trials motoring. Unlike the classic and VSCC events road mileages are not involved, nor are the trials sections damaging. The events are suitable for all types of Austin Seven and provide a pleasant and very "user friendly" introduction to trialling. The award is made on the basis of Merit, so that a box saloon has as equal a chance of winning as does an out and out trial's special.

The events for 2010 are as follows:-

January 10 th	Preston DVCC Winter Trial	Lancashire
March 21 st	MGCC Spring Trial	Herefordshire
April 25 th	750MC Cobham Trial	Surrey
August 29 th	Morgan SCC	Lincolnshire
September tbc	MGCC Autumn Trial	Warwickshire
October 24 th	Preston DVCC Autumn Trial	Yorkshire
December tbc	PWA7C Winter Trial	Derbyshire

Further information will be published in the Club's magazine as the year unfolds. No pre-registration is needed to take part in the series. Just apply for regs and an entry form to: tompellow@ukonline.co.uk for the individual events. All participants are also invited to the Club's own Motor Sport Section awards day in January.
